How does it work?

- You must sign in NO later than 8:15 am
- You will be seen in the order you arrive
- Acute/new problems only – i.e. sore throat, ear pain, minor injury....
- NO ongoing/chronic problems, Well Visits, behavior problems, etc.
- Established patients only, over 6 months of age

The provider scheduled for Walk-Ins that day will see your child so you can be “in and out” and start your day!

Depending on your insurance plan, there may be an additional fee for walk-in.
