

VALLEY PEDIATRICS

URGENT CARE AT YOUR MEDICAL HOME

We will be starting Early Bird Walk-In time on MONDAYS at 8 AM. This is designed for problems that can be handled quickly & easily, to decide if your child can go to school or daycare, and if you can go to work. It is for straightforward, recent problems only.

- First come, first served. There are no appointments.
- New problems, symptoms less than 2 days.
- Current patients of Valley Pediatrics only.
- Over 6 months old.
- Signed in by 8:15 AM.
 - If you arrive later, you will be given an appointment later in the day.
- EACH child needs to be signed in. There will not be any add-ons.

Walk-in hours ARE for:

Sore throat, earaches, cough, colds

fussy babies who had you up all night

minor injuries

Walk-in hours are NOT for:

True emergencies

Refills, referrals, or forms (although you can drop off forms)

Long standing problems (e.g. headaches or stomachaches for more than 2 days),

School or behavior problems

This program will only work with your cooperation.
If successful, we will be adding other days in the future.
